SPRING 2022

## UPDATES from the SON Director, Becky Sherwood

**ACEN Visit:** GHSON is proud to announce continuing accreditation status through 2029 from ACEN Board of Commissioners.

**New Wing:** GHSON initiated occupancy of the new wing in Spring 2022. The Senior class thoroughly enjoyed the new space. Due to some additional small revisions, the freshmen class will move to their new classroom in Fall 2022. The unoccupied classrooms in the original portion of the school will be converted into new specialty classrooms for Psych and Community. The larger space will allow both specialties to have a simulation lab at the back of the room so that all four specialty courses will now have their own simulation spaces beginning Fall 2022.

**New Technology:** A new learning management system (LMS) called CANVAS was introduced at the start of Fall 2021. The system has shown a great variety of improvements with course building. The LMS aligns with SRC where the majority of students complete general education courses providing them with slightly less learning when they come in as freshmen. It has been a positive change for the school and we will continue to utilize it to improve the program. Coming this fall will be a Committee Central Course where the student body can track committee meetings, agendas, and summarized minutes, not to mention communication within the school. In addition, the school also instituted a new testing software that will be moving all courses to online testing beginning Fall 2022. Technologically speaking, the program is advancing with focus on NCLEX prep!

**Our New Normal:** We transitioned back to the traditional in-person format for Spring 2021. Although we were back on campus, there were many changes that took place limiting group sizes and offering no large gatherings. Fall of 2021 reflected this continued regiment for in-person learning. As a result, we saw the lack of bonding and mingling between class levels which seemed to weaken the support system for all students. Spring of 2022, after Spring Break, GHSON opted to have a few functions that allowed students to be together again. The cohesiveness was instantly felt amongst faculty, staff, and students alike bringing us to the realization that we have to find ways to get everyone together for fall 2022 and create a new normal. We can socially distance, wear masks, and keep as many activities outside to hopefully bring the student body back together again. Student morale is of the utmost importance in nursing school!

Change in the School Office Manager position:

Sember DeRenzy is our new Office Manager and she still does Word Processing for the school as well as many other tasks. We are so happy to have Sember as our new Office Manager. She can be reached at 647-5240, ext. 4086 or the direct line at 647-4086, 5 days a week

**Transcript Requests....**

We get many calls asking “What do I have to do to request a transcript?”. There are a few ways to go about requesting a transcript:

1. Print the transcript request form found on the school’s website. The form can be found under the Quick Links tab on the top bar menu or the Alumni tab at the bottom of the home page. Fill out the form and mail to us with the \$5.00 fee.
2. Email Pam Ritter (pritter@grahamhospital.org) with your request. Be sure to include the year you graduated and where you need the transcript sent. You may mail your \$5.00 or pay by phone with the hospital cashier (309-647-5240 ext. 2221).
3. Stop by the school office to fill out the request form and pay the fee. Transcripts typically are mailed out within 1 or 2 days of the request.

Alumni News

We do not have a large color printer for the newsletter until the new one for the SON is delivered so you will be getting this newsletter in black and white.

If you would like to receive an email version of the newsletter rather than receive one in the mail, please let one of the officers know.

You can also send us mail now to the Alumni Office:
